Donated Defibrillators

Heart surgeon Albert Fenech (from left), with Hans Wolf, Health Minister Joe Cassar, Ronnie Cauchi from the Lion's Club St Paul's Bay and ATG managing director Oliver Attard.

Health Minister Joe Cassar, on behalf of Mater Dei Hospital, recently received a donation of two defibrillators by the Lion's Club St Paul's Bay, ATG Co. Ltd, and Defibtech. Another defibrillator was donated to Albert Fenech on behalf of the Malta Heart Foundation.

ATG Co. Ltd sales executive Hans Wolf gave a demonstration of how to use these defibrillators, which have been fitted with safeguarding measures to ensure they will only work on people who need them.
